The Summer I Turned Pretty Belly has an unforgettable summer in this stunning start to the Summer I Turned Pretty series from the New York Times bestselling author of To All the Boys I've Loved Before (now a major motion picture!), Jenny Han.Some summers are just destined to be pretty. Belly measures her life in summers. Everything good, everything magical happens between the months of June and August. Winters are simply a time to count the weeks until the next summer, a place away from the beach house, away from Susannah, and most importantly, away from Jeremiah and Conrad. They are the boys that Belly has known since her very first summer—they have been her brother figures, her crushes, and everything in between. But one summer, one wonderful and terrible summer, the more everything changes, the more it all ends up just the way it should have been all along. Best Fiction for Young Adults Young Adult Library Services Association Jenny Han is the #1 New York Times bestselling author of the To All the Boys I've Loved Before series, now a Netflix movie. She is also the author of The Summer I Turned Pretty series, Shug, and Clara Lee and the Apple Pie Dream. She is the coauthor of the Burn for Burn trilogy, with Siobhan Vivian. Her books have been published in more than thirty languages. A former librarian, Jenny earned her MFA in creative writing at the New School. She lives in Brooklyn, New York. megank - The Summer I Turned Pretty is one of the most amazing books I've read this year. Belly is finally going to be old enough to fit in with Conrad, Jeremiah, and her brother. Every summer she expects Conrad to notice her, but he never did. This summer, Conrad changed completely, he starts to smoke and stops talking to everyone, but so did Belly, she became pretty and her whole summer becomes out of control. I think my favourite character will definitely be Jeremiah because he's very friendly, humorous, and is always there for Belly to be her best friend no matter what. Whenever Belly is feeling down, he is there to solve her problems. I also love how the author uses many flashback chapters to let people know how much they have grown and to let us see what memories made Belly the person she is today. People should definitely read this book. Belly faces many problems that teens today can also experience, such as crush problems, puberty, friendship, and mostly growth. If you've read To All The Boys I Loved Before also by Jenny Han, you will love this book for sure! Starred review from April 27, 2009This well-written coming-of-age story introduces 15-year-old Isabel, aka Belly, for whom summer has always been the most important time of year: it's when her family shares a beach house with her mother's best friend, Susannah, and her two sons. Like Belly's older brother, Steven, Susannah's boys have always thought of Belly as their younger sister. But this summer—"It was the summer everything began"—is different. One brother, Jeremiah, is suddenly interested in Belly, but she has always had a crush on dark and unattainable Conrad. And then there is Cam, also spending the summer at the beach, who becomes Belly's first boyfriend. Han (Shug) realistically balances Belly's naïveté with her awareness of the changes the years have brought ("In some ways it was even harder being the only girl back then. In some ways not"). Anecdotal chapters of past summers are interspersed, rounding out Belly's character, her attachment to Susannah and her desire for the boys to include her. First in a planned trilogy, Han's novel offers plenty of summertime drama to keep readers looking forward to the next installment. Ages 12–up. For the whole of her life, Isabel has spent her summers at the beach house with family and friends. She has always been the annoying younger sister, the little girl at the edge of the action never quite being allowed to join in but this year, as she turns thirteen, things feel different. Are the boys really looking at her with new interest or is there something else going on, something she doesn't know about? What at first appears to be a frivolous, frothy, beach read ends up tackling some tough issues and exploring both the joys and sorrows which characterise a girl's transition to adulthood. Try out some of these books, there's something for everyone - whether you're after a funny book, an emotional book, a thriller, or a road trip. The holidays are here and we're celebrating with this list of our favourite books about unforgettable summers. From love stories to dark comedy, these are all tales of memorable and life-changing summer adventures that any teenager will love. sausanayman, 14 August 2013 May 22, 2011 Ruth rated it did not like it I nearly melted when Conrad was introduced. That strong, silent, protective guy, why, he was even sexier than Edward Cullen! And although he didn't sparkle, he certainly made up for it by his sorrowful brooding, which my heart soared out to. That strong, silent, protective guy, why, he was even sexier than Edward Cullen! And although he didn't sparkle, he certainly made up for it by his sorrowful brooding, which my heart soared out to. I mean, who DOESN'T understand when someone who is in pain turns to drinking and picking fights at parties?There is just something so alluring, so captivating, about Conrad, because what he does not say or do in words is immediately engraved in my ever-loving heart. I totally, completely, 101% understand why Belly loved him her entire life. As for Belly, heavy burdens are hard to accept, but World War 3.5 broke out the Summer She Turned Pretty. I totally sympathized with her, with all those choices she had to make. As a famous poet once wrote, "Two roads diverged into a yellow wood. And I, I took the one less traveled by." Like this, Belly did just that. Instead of romancing just one guy, she made the unusual, yet incredibly understandable choice to romance THREE GUYS. And WOW! Was this beautifully conflicting love SQUARE intense! nearly had a heart-attack, my heart beat so loud in my ears, when THIS scene happened! "Get out of my face," Conrad growled."No." Jeremiah stepped closer, until their faces were inches apart, just like ours had been not fifteen minutes before. In a dangerous voice, Conrad said, "I'm warning you, Jeremiah." So well spoken, so unique, so original, AMEN BROTHER. No scene has truly ever frightened me so much, to the point where I just had to wrench this book out of my own hands and go take ten minutes' breather in the bathroom. But since this review isn't marked with SPOILER, I'll just say that you will have to stop and re-read a few times what has actually happened at this 90-degree-climax. I sympathize so well with Belly, and again, I praise Jenny Han for relating SO WELL, SO WELL, I SAY, to teen girls. Ms. Han really brought this scene to life, it was so intense and completely, really honestly dramatic, my heart literally skipped a beat and I almost had an asthma attack!"I stood by the fire alone and pretended to warm my hands even though they weren't cold. That's when I saw him. He was standing alone too, drinking a bottle of water. It didn't seem like he knew anybody either, since he was standing all by himself." Ah! Ms. Han, you have such an elegant, easy way of making contradicting words and plain sentences flow so naturally! So barely noticeable! Continuing on, He looked like he was my age. But there was something about him that seemed safe and comfortable, like he was younger than me even though he wasn't." Again, what is this? A beautiful paradox? No, paradox isn't even the word. I was so dumbfoundedly awestruck by this sentence that I had to stop, pause, and wonder, what was going to happen next? Really, at this point in the book, things really take a turn around the bend.BUT. I am truly amazed by the way Jenny Han has a talent with words, and finally releasing reader's from their growing suspicion that something more was going on between Belly, Jeremiah, and Conrad."Things had been weird with me and Conrad and also with me and Jeremiah-an impossible thought crept its way into my head. Was it possible they didn't want me with Cam? Because THEY, like, had feelings for me?" I love how Jenny Han seems to remember how teenagers act, because by putting that single unnecessary "like" into the sentence truly, legit, won me over. I had no idea how poetic daily teen slang could have been. There are some things I absolutely ADORED about Belly. She was so realistic in the sense that I felt she was RIGHT IN MY HEAD. Like, seriously, like honestly, like LEGIT."I didn't answer his question. Instead I said, "I was really good! I could have been dancing in a company by now!" I couldn't have. I wasn't that good, not by any stretch of the imagination." You can tell by this simply put declaration that Belly has given, how much she wants this guy to love her. She has gone so far, and given away her dignity, to BOAST HOW GOOD SHE IS AT BALLEt. ""Maybe we can come back later." I knew he didn't mean it. Part of me was mad, and part of me was relieved. It was like craving a fried peanut butter and banana sandwich and then realizing two bites in that you didn't want it after all. I snatched my sweatshirt from him and said, "Don't do me any favors, Cam." Then I walked away as fast as I could, and sand kicked up behind me. I thought he might follow me, but he didn't." This realistic intervention, this sudden, quirky, show of personality really is truly realistic. After all, EVERY teen needs to have their mood swings, but yet, this has shown Belly's true, twisting feelings for the guy she is talking to. I am truly amazed, I had no idea authors could get into my head so easily.I feel proud to be a whiny, annoying teenager, because by the ways things turned out in the end of THE SUMMER I TURNED PRETTY, there is no doubt that I will Someday Find My Prince in the two hot guys I've obviously known all my life, but who started expressing their feelings towards me the Summer I Turned Pretty.more > Skip to content Isabel, nicknamed Belly, has grown up with Conrad and Jeremiah Fisher. Her mother, Laurel, is best friends with the boys' mother, Susannah, so Belly, her mom and her older brother, Steven, have spent every summer for the past 15 years at the Fishers' beach house in Cousins Beach. Belly has always been in love with Conrad and has always been pals with Jeremiah, but this year she is about to turn 16, and both boys begin to look at her differently. Belly has blossomed into a lovely young woman, but her appearance isn't the only thing that has changed at Cousins Beach. Conrad is acting moodier than usual, and Belly learns that he recently quit football, broke up with his girlfriend and began smoking. Since Belly still adores Conrad, it's hard for her to see him acting so withdrawn. Belly recalls when Conrad first broke her heart. She was 12 that summer. Conrad took her to the local boardwalk, which she had hoped was a date, but turned out to be a pretext for him to visit a girl he had a crush on. Susannah, who is like a second mother to Belly, is worried about Conrad. Susannah's health is frail because she went through a bout of breast cancer and chemo treatments. Belly remembers that she and Jeremiah bonded the summer when she was 13, because they both overheard Susannah talking to Laurel about her cancer treatments and crying over the possibility of a mastectomy. From that moment, Belly became a friend that Jeremiah could rely on for support during moments of family tragedy. Belly's 14th summer threatened to ruin her friendship with Jeremiah, however. Belly brought her best female friend, Taylor, to Cousins Beach, and Taylor immediately began flirting with both Fisher boys. Taylor decided to try to win Conrad's heart, but Conrad wasn't receptive to her attention. Jeremiah was, so she flirted a lot with Jeremiah. During a game of truth or dare, Jeremiah kissed Belly in order to make Taylor jealous. It hurt Belly's feelings because it was her first kiss, and she wanted the moment to be shared with someone she really liked, not with her close friend. In the present, Jeremiah teaches Belly how to drive a stick shift, since she'll be turning 16 and getting her license. Steven leaves the beach house to go on a college road trip with his dad, leaving Belly without her brother as a buffer between her and the Fisher boys. Conrad and Jeremiah get more protective of Belly when her new-and-improved appearance draws attention from other guys at Cousins Beach. Clay, one of their neighbors, invites her to his Fourth of July bonfire. There, she meets Cam, a straightedge vegan — he consumes no alcohol, drugs, cigarettes, meat products or animal products. Cam likes her. Belly tells Conrad that she's going to leave the party and get a ride home with Cam. Conrad forbids her to leave. Belly feels that Conrad is treating her like a kid and gets so angry she nearly cries at the unfairness of the situation. Later, Jeremiah asks Belly to forgive Conrad for his bossy behavior because he's going through a tough time emotionally. Belly notices that Susannah is taking many naps and doesn't socialize with the rest of the family like she usually does. Since Mr. Fisher has not visited the beach house even once, Belly speculates that their marriage might be in trouble. An impending divorce would explain Susannah's reclusiveness and Conrad's mood swings. Cam invites Belly to a party at his friend's house. Conrad and Jeremiah insist on also attending the party so they can protect Belly. Jeremiah sings a love song on the karaoke machine and dedicates it to Belly and Cam's new summer romance, embarrassing Belly in front of everyone at the party. Later on, the evening is ruined when Conrad gets drunk and tries to pick a fight with a bigger guy. Belly and Jeremiah manage to get Conrad away from the other guy before things get violent, ending Belly's date with Cam in a very unsatisfying way. As Conrad and Belly wait in the car for Jeremiah to drive them home, Conrad strokes Belly's hair. For Belly, the moment of close contact brings up all her old feelings for Conrad and she realizes she's still in love with him. Conrad tells Belly that his parents are getting a divorce but that his mom won't admit it to the kids because she wants them to all have one last, perfect summer at the beach house. As July turns to August, Belly keeps meeting Cam and going on dates with him. Laurel and Susannah invite Cam over for dinner with the whole family, but it's awkward because Conrad doesn't come down for dinner and Jeremiah spends the meal making fun of Cam. Conrad comes home drunk one night and turns on blaringly loud music. Belly wonders whether his sudden change in character will finally make her stop loving him. However, each time Belly meets Cam, her thoughts go to Conrad. Cam realizes that Belly's obsession with Conrad is still ongoing, so he and Belly decide not to contact each other when the summer is over. One night, while the family is watching movies together, Susannah falls asleep, and Jeremiah has to carry her upstairs. When the movie is over, Jeremiah and Belly are left alone, and Jeremiah confesses that he has feelings for her. He says that he hopes she's over Conrad, but she tells him that she still cares for his brother. Jeremiah's confession gives Belly the strength to find Conrad and admit that she still loves him. He says he's not the one for her, but she counters that she knows he likes her, too. Belly gets angry because she thinks Conrad is stringing her along, not wanting to return her love, but still wanting to receive the benefits of her admiration. They get into a verbal fight on the beach, and Belly is crying when Jeremiah drives up. Jeremiah yells at Conrad for making Belly cry, and the two brothers have a fistfight due to their built-up tensions from a whole summer of unhappiness. Laurel breaks up their fight. When Susannah arrives looking suddenly frail, it's clear to Belly that the boys weren't just unhappy because their parents are divorcing or because they both have feelings for her. Conrad and Jeremiah have been aware that their mother's cancer has come back. Laurel tells Belly that Susannah's cancer has now spread to her liver, meaning she will probably have less than a year to live. The next day, Belly lies in bed crying, mourning over Susannah's condition. She finally has a heart-to-heart talk with Susannah, who asks Belly to take care of Conrad in the future. Belly finds Conrad sitting out on the beach, looking heartbroken over his mother's fate. She goes to sit with him as he cries. Belly kisses Conrad to comfort him, and he kisses her back. He indicates that he can't really think about love and relationship issues at the moment, so Belly sits with him on the beach, holding his hand in silent support. Summer draws to a close. Belly and Laurel start cleaning the beach house and packing up to go back home. On the last night, everyone sits around the dinner table and Susannah addresses her illness, saying that she wants to live life to the fullest, even if she doesn't have much time left. After dinner, Belly invites Jeremiah and Conrad to come for a midnight swim with her in the pool. All three of them splash around and have fun together just like they've always had, though it's clear that Conrad and Belly's relationship has grown romantic. Months later during the Christmas season, Conrad drives more than five hours to visit Belly in Boston. He arrives at midnight, and she goes outside to meet him. Happily together with Conrad at last, Belly feels like every summer of her life was leading her to this moment. the summer i turned pretty book 2. the summer i turned pretty book 3. the summer i turned pretty book series. the summer i turned pretty book summary. the summer i turned pretty book 1 pdf. the summer i turned pretty books in order. the summer i turned pretty book 2 pdf. the summer i turned pretty book pdf
